

Mongolia Growth Group Announces Renewal of Normal Course Issuer Bid

TORONTO, ONTARIO, CANADA, March 26, 2024 – **Mongolia Growth Group Ltd.** (the “Company”) (TSX V: YAK), announced today that TSX Venture Exchange (the “Exchange”) has accepted a Notice of Intention to renew its normal course issuer bid to purchase outstanding common shares of the Company on the open market in accordance with the policies of the TSXV.

Pursuant to the NCIB, (the “Bid”) the Company may acquire up to 1,760,000 common shares, approximately 9.97% of the 17,648,649 common shares constituting the Company’s current Public Float (as that term is defined in the policies of the Exchange), from time to time during the next 12 months. In accordance with the Policies of the Exchange, the maximum number of common shares that may be purchased under the Bid in any 30-day period may not exceed 2% of the issued and outstanding common shares of the Company when aggregated with all other common shares purchased under the Bid in the preceding 30 days.

The Company is undertaking the Bid because, in the opinion of its board of directors, the market price of its common shares, from time to time, may not fully reflect the underlying value of its operations and future growth prospects. The Company believes that in such circumstances, the purchase of the common shares of the Company may represent an appropriate and desirable use of the Company’s funds and further enhance market stability.

The Company has retained Research Capital Corp of Toronto, Ontario as its broker Member for the purposes of conducting the bid. The Bid will commence April 2, 2024 and the Bid will end no later than April 1, 2025. The common shares will be purchased for cancellation on the open market through the facilities of the Exchange, at market price. This transaction is subject to the TSX Venture Exchange approval.

From March 27, 2023, to March 26, 2024, the Company purchased 1,213,400 of its shares at an average price of \$1.40 under its most recently expired NCIB.
